The City of Rawlins provides water, sewer, and landfill services to businesses and other entities of Rawlins. The minimum charge is \$10.00 for water, \$11.00 for sewer, and \$6.00 for landfill. The City of Rawlins does not provide garbage pick-up service. You may select a service to provide this or haul your own to the landfill. Hauling your own to landfill creates an additional charge (Landfill Gate) based on weight. The City of Rawlins tries to read water meters once per month and you are charged \$2.00 per 1000 gallons used in addition to minimum water charge. For sewer the first 4000 gallons are free and then an additional charge of \$1.00 per 1000 gallons. Outside City limits other charges apply.
