Section 2.48.010 Short title.

This chapter may be called "the historic preservation ordinance." (Ord. 5B-88 § 1(a))

Section 2.48.020 Findings and purpose.

The state of Wyoming and the city have a wide range of cultural resources that include prehistoric and historic sites which are invaluable relics that remain to illustrate our state's past. The city council finds that the state and city are noteworthy for their historic sites and natural beauty. The city has large numbers of historic buildings and institutions with significant cultural importance. In recent years many significant structures, and historic and archaeological sites have been destroyed without adequate consideration of either the values represented therein or the possibility of preserving the properties for use in economically productive ways. Citizens of the city share that belief that Wyoming's cultural resources enhance the quality of life for all and promote the city's general welfare. It is declared a matter of public policy that the protection, enhancement and perpetuation of significant historical, archaeological and architectural relics of value is a public necessity and is required in the interest of health, prosperity, safety and welfare of the people. The purpose of this chapter is to:

A. Effect and accomplish the protection, enhancement and perpetuation of such improvements and of districts which represent or reflect elements of the city's cultural, social, economic, political, engineering and architectural history;

B. Safeguard the city's historic, archaeological and cultural heritage, as embodied and reflected in such historic structures, sites and districts;

C. Stabilize and improve property values;

- D. Foster civic pride in the beauty and noble accomplishments of the past;
- E. Protect and enhance the city's attractions to residents, tourists and visitors, and serve as a support and stimulus to business and industry to strengthen the economy of the city;
- F. Promote the use of historic structures, sites and districts for the education, pleasure and welfare of the people of the city. (Ord. 5B-88 § 1(b))
